PROFILE

Product designer with a B.Sc. (Ed.) in Chemistry Education. I design mobile apps and websites in Figma, from user flows and wireframes to high-fidelity prototypes, and build responsive websites in HTML, CSS and JavaScript. Open to full-time, internship and freelance roles, remote or on-site.

EXPERIENCE

Freelance UI/UX Designer & Web Developer — 2026 - Present

Self-employed | Remote

- Designed and built two live e-commerce websites with product catalog, cart and order flows.
- Designed four mobile app concepts in Figma (home rentals, children's banking, online shopping and food ordering), from user flows to clickable prototypes.

Chemistry Teacher (NYSC Corps Member) — 2025 - 2026

Golden Flourishland Secondary School

- Taught chemistry to secondary school students.

Student Teacher, Chemistry — 2024 | 6 weeks

Ilupeju High School

- Taught chemistry lessons during teaching practice.

EDUCATION

B.Sc. (Ed.) Chemistry Education — 2025

Federal University Oye-Ekiti (FUOYE) | Second Class Upper Honours

UI/UX Design & ICT — Professional training

LEADERSHIP

President, National Association of Chemistry Education Students (NACES) — 2024 - 2025

FUOYE

Co-founder, Chemistry Education Student Representation Council (CESRC) — 2025

FUOYE
